(b) if so, the reasons apart from appreciation of rupee;

(c) whether it is a fact that Government has not fixed any export target for the current year *i.e.* 2008-09; and

(d) if so, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF TEXTILES (SHRI E.V.K.S. ELANGOVAN): (a) Exports of textiles and clothing during 2007-08 was of the order US $ 22.13 billion against the target of US $ 25.06 billion.

(b) During the year 2007-08, exports of textiles had adversely been affected by, *inter-alia*, recessionary trends in the USA which is the single largest destination for India's textiles exports, erosion of cost competitiveness of India's exporters due to high input and transaction costs as well as appreciation of the Indian Rupee *vis-a-vis* the US dollar.

(c) Government has fixed the target for export of textiles for 2008-09 at 20% over the actual performance in 2007-08 and the target, in real terms for the current year, is thus set at US $ 26.55 billion.

(d) Question doesn't arise.

12.00 Noon

[MR. DEPUTY CHAIRMAN in the Chair]
